Tranceiver for sale!

K8RFT (Doug V) is assisting another ham operator sell some amateur radio gear. Amongst the items is a "new" in old box Alinco HF transceiver. It is in mint condition, only being tested and then put back in the box.

Along with the transceiver (which can be used mobile or as a base station) is a power supply. And the price is a bargain. This transceiver is solid state and in perfect condition. It would make a great first transceiver or a great backup rig at the price Doug is asking. For more info, contact Doug at K8RFTradio@gmail.com

Lemon Bay HS Project Graduation
