All funds have now been moved to Englewood Bank & Trust.. Motion to accept the Treasurers report was made by Herman Hoffman, 2nd by Jon Blincoe.

Correspondence: -No mail

Sunshine –No Sunshine to speak of this past month

Publicity – Summer N4EAR Field Day, was celebrated June 25th and 26th, 2022, at Ann Dever Regional Park, 6760 San Casa Drive, Englewood, FL. We encouraged all members to take as many pictures, skill level notwithstanding on my part, so that Ken Blackshaw can publicize from his summer nest on Nantucket.

DX – 20 Meters & 10 Meters are functioning well and 40 Meters, is improving with Morning activity nearly predictable without referencing condition reports. 80 Meters is even hic-upping along with distance contacts periodically. Overall Sunspot activity is slowly developing into a robust cycle. If you have the optional Northern Lights Display, it is fabulous! If not, drive up to US/Canadian border for an in-person display.

Training & Testing – Contact Doug Frasier for further information.

Technology – N4EAR install is proceeding, it was discovered that the power supply had a problem with crashing when the transmitter was engaged. BroadCom, the supplier of the unit, is shipping a replacement power supply for installation. N4EAR will have separate rack space. Tom Chance, Charlotte County Ham Radio cont act, is preparing the new repeater for installation. Continued on page 2.....

Minutes continued.....

Ham-Fests – Check club websites for details.

Old Business –No old business

New Business – No new business

ADJOURNMENT- called by Bill Dollar
19:57, 2nd by Bob McAllister

August 2, 2022, 19:00 -- Next Meeting at Chamber of Commerce.

**EARS HOPES ALL MEMBERS & FAMILIES HAVE SAFE JOURNEYS THIS SUMMER.
PLEASE BE CAREFUL.**

Join us on EchoLink

With our Hurricane Season upon us, lightning events, and prolonged outage, costly damage that these lightning storms can inflict are very frustrating. So, in the interest of not getting frustrated, I will be disconnecting the Echolink reflector when lightning hits come within six miles of my location. To support that practice I have installed sensor apparatus that monitors direction, range, intensity, and the number of lightning events taking place.

2 Meter Chat Net:

The club conducts a two meter chat net every **Tuesday evening on K8ONV**, 146.865 136.5HZ tone, -600 transmit at **7:30 PM**. On Tuesdays that the club holds its meeting, no net.

The club is always looking for net control operators. If you would like to participate as a net controller, please let a club officer know!

6/28/2022 W1NQT Net control

Hi there EARS folks - So happy to be able to run the net from afar using EchoLink. Almost like ham radio! ;-) Here are my notes.\This is w1nqt, Net Control for the EARS K8ONV Net. I will now take check-ins. First Check-in

please come now. Mention breakfast. Pictures from FD??

1. ke5odr - Placida - Pavillion support for FD - WinLink exercise.
2. w4aii - Jim - Manasota Key - Breakfast and FD - Visitor from Uruguay. 70 countries on FT8!! Needs Hawaii.
3. kn4rke - Bob - Englewood -
4. kn4phq - John - York Beach, Me. 72 degrees. Just a little rain.
5. ka8pba - Jim - Englewood - Enjoyed FD.
6. kw4sab - Steve - So. Gulf Cove - new callsign. First HF contacts at FD!
7. w2cwl - Bill - Placida - FD CW contacts. New vertical antenna. Flagpole! CE3XO visited at FD!
8. wb1fld - Dave - Englewood - Enjoyed FD.

July 5th KN4NFX—Steve, net control

Call Operator QTH Comments

N3MR Mike Rotonda Lakes Field Day Saturday setup

K1LOV Steve Charlotte County In & out

K8ZZU Jim Grand Blanc, MI 13 Colonies + heard field day but couldn't connect

W4AII Jim Manasota Key 12 members @ breakfast @ Junior & Rosies + 75 countries FT8 + Field Day

KN4YIV Steve South Gulf Cove just back from Marathon Key

KN4PHQ John York, ME Went to beach, water was 50 degrees + van engine being rebuilt

KW4SAB Steve South Gulf Cove Field Day Sat & Sun + tried contacting ISS + getting RV ready for trip North

WB1FLD Dave Englewood New member + field day + neighbor of club president W1JP

KO4WAO Jackie Arcadia in & out

Tuesday morning breakfast at **Junior and Rosie's** continues to be a popular spot to be at 7:30 am. We are holding our own with a special row of tables to seat the crowd of

10 or so Ham's that show up for the great food at great prices and ham radio discussions! Rosie has even added an "EARS omlette" to make us all feel welcome!

FIELD DAY 2021

Field Day Results

The club started setting up the stations about 9:30 am Saturday at Ann Deever Park, off San casa Rd. The set up crew put up a 3 band hex beam, an off center fed dipole

W2CWL with visitor
Dardo (CX3EO)

(tunable from 80 to 10 meters), 2 meter verticle dipole, and a 2 meter moxon on the park grounds. Two HF transmitters, running about 100 watts, and a QRP rig were set up using battery power. W4AII brought along the CCFLARES 2 meter go kit and ran some Win Link traffic. In attendance were KN4RKE, N3MNR, WB1FLD, KA8PBA, K7WWR, WA9LFQ, W2CWL, KW4SAB, W4AII, KE5ODR, KY4GH, KE4VEM, and visitors CX3EO and Carol Nelson.

The operators all worked under the club call sign N4EAR and ended up making 5 80 meter contacts, 10

40 meter contacts, 37 20 meter contacts, 16 15 meter contacts, 3 10 meter contacts, and 6 20 meter cw contacts.

KW4SAB, K7WWR, and N3MNR, hoping for a QSO tracking down the International Space Station. Unfortunately they didn't get through the pile up but got an "A" for effort!

W4AII and K8PBA adjust setting for Win Link and run local traffic, testing out the radio email capabilities along with FM communications.

The afore mentioned "antenna farm":

Hex beam set up on 20, 15, 12, and 10 meters

The vertically polarized half wave dipole from the CCFLARES 2 meter "go kit"

The "work horse" antenna was K7WWR's off center fed dipole, which with the tuner worked smoothly over 80 to 10 meters. That antenna was strung up along the fence line at the back of the park property. Sorry I do not have a good picture of that antenna, it worked great!

The next club sponsored field day type of activity will be at Boca Grande Lighthouse in August. Preliminary planning is underway and we would like you to be a part of it. Come to the August 2 club meeting at the Englewood COC at 7pm to get the latest information

Next meeting August 2nd at 7:00pm at the Englewood Chamber of Commerce. 2 Meter Chat Net every Tuesday (except meeting night) at 7:30pm on K8ONV repeater

It's time to renew your EARS Membership dues for 2022/2023!

At the end of this newsletter is a dues renewal form, which you can use (bring to meeting or mail to PO Box) to renew for 2022/2023. Or you can now use a credit card or Paypal by going to the webpage www.earsradioclub.org and clicking on the "buy now" button on the membership page.

Options

Single Membership one year \$15.00 USD ▾

Buy Now

Use the BUY button above to purchase a membership on line with Paypal

Take a moment and renew for "22" or :23"

If you are not on this list, I don't have you marked for 2022. Please contact me if I've made an error.
Thanks, Bob KN4RKE, Treasurer
